PROFILE

I'm a skilled software developer with experience in TypeScript and JavaScript, and expertise in frameworks like React, Node.js, and learning Three.js. I'm a quick learner and collaborate closely with clients to create efficient, scalable, and user-friendly solutions that solve real-world problems. Let's work together to bring your ideas to life!

WORK EXPERIENCE

Website Developer Intern
Chhillar Homes

July 2022 - September 2022

- As a web developer specializing in React.js and related technologies, I am dedicated to the seamless development and maintenance of web applications.
- Leveraging the power of React.js, I strive to create dynamic and user-friendly interfaces that enhance the overall user experience.
- By staying updated with the latest trends and best practices in web development
- I ensure that our applications remain at the forefront of innovation and technological advancement.

Website Developer Intern
LapCompute.com

February 2023 - July 2023

- Collaboration lies at the heart of my work ethic. Working closely with cross-functional teams comprising designers, product managers, and fellow developers
- I foster an environment of creativity and synergy. By actively participating in brainstorming sessions and design reviews
- I contribute valuable insights and perspectives that enrich the project's overall vision.
- Together, we work towards the common goal of delivering high-quality products that exceed user expectations.

Front End Website Developer
Skrolled Pvt. Ltd

August 2023 - December 2023

- A cornerstone of my development process is the implementation of responsive design principles
- Recognizing the importance of accessibility across various devices and screen sizes, I prioritize creating interfaces that adapt seamlessly to different viewing contexts.
- Through thorough testing and optimization
- I ensure that our applications maintain consistency and functionality across all major browsers and platforms.

EXPERIENCE PROJECTS

- Lil Program
- The Ekum Homes
- Skrolled
- In Joy Living
- Atyantturant
- Riome
- Yugen (Shopify)
- LapCompute.in

PROJECTS

- Portfolio Website
- Music-App using Python Django Hotstar/Netflix Clone
- Hotstream Multi-OTT plaform
- Instagram Clone using Python Django

Front End Website Developer

WASFA Pay Pvt Ltd   December 2023- Current

- Developing and maintaining web applications using React.js and other related technologies.
- Collaborating with cross-functional teams including designers, product managers, and other developers to create high-quality products.
- Implementing responsive design and ensuring cross-browser compatibility.
- Participating in code reviews and providing constructive feedback to other developers.

TO WHOM IT MAY CONCERN,

Allow me to introduce myself – I am Samyak Jain, a lifelong dweller of the vibrant city of Delhi. My journey brought me to a milestone: the completion of my Bachelor's in Computer Application from the esteemed IITM Janakpuri. Why did I choose the path of BCA? Simply put, it unfurled a tapestry of possibilities, unveiling various domains and realms that align with my passions.

My expertise has matured within the realm of System Programming, encompassing languages such as Java and Python. I've also delved into the captivating realm of Web-based Development. My canvas has seen the strokes of projects involving Portfolio Web-D using the dynamic React and the awe-inspiring AI. Strengths, you ask? They comprise a positive attitude that radiates, a clockwork-like punctuality, and the art of weaving connections.

My voyage led me to master the intricacies of Fullstack Development through Unschool, in partnership with the Ministry Of Education. My web development foundation is a concrete structure, fortified by the amalgamation of experiences from diverse projects. My prowess extends to both the front-end and the back-end, where the symphony of HTML, CSS, JavaScript, and PHP resonates. To elevate my craft, I've embraced the orchestration of frameworks like React.js and Node.js. My sails are set to catch the winds of industry trends and emerging technologies, guaranteeing that my creations are contemporary, intuitive, and seamlessly adaptive.

In the grand tapestry of my journey, these threads weave a story of growth, collaboration, and creativity – a story that's uniquely mine, yet resonates with the vibrant symphony of the tech world.

SINCERELY,

Samyak Jain
